President's Message:

Did you vote???

Deadline for postmark is September 1. If you lost or misplaced your ballot please ask Alice Brown to fax you one along with the address to mail it to.

Jubilee Results

Congratulations to all the participants and winners at this year's Jubilee. In order to be able to fit the results in the Newsletter we had to edit down to the 1st, 2nd and 3rd place winners. Complete results will be available on the MaPaca website in the future.

Annual Meeting – September 21, 2003

To date only 10 people have RSVP'd on the Annual Meeting. Please be sure to send an email to: paul@bigskyalpacas.com to advise your attendance if you "think" you will be able to make it. If something comes up, that's understandable but as much advance notice of attendance as possible, would be appreciated.

Veterinary Experiences

I received no input whatsoever regarding experiences with Vets or Veterinary Hospitals or facilities. Once again, if you have any experiences, tips, or information that may help fellow breeders in the future, please respond. I will have an article in next months Newsletter on this topic and would like some additional material for inclusion.

Southeastern Pennsylvania Alpaca Show and Sale-September 13-14.

I applaud Robin Gilmore for his tenacity in planning and sponsoring this new event. This is the kind of spirit and forward thinking that will insure the future of our industry. Local events of this nature will generate interest at the grass roots level that will plant the seeds for alpaca sales in the years to come. Please try to attend this event if at all possible. Robin is in need of volunteers and also has advised that there will not be any late fees for last minute entries.

Editor's Ramblings:

Just how much do alpacas understand? I'm beginning to think they understand more than we give them credit for. I've been taking care of an animal with an eye injury. I also own a male who lost his eye to an unfortunate accident. In the process of taking care of the female with the eye injury, I noticed that every time I went to apply medicine to this females eye, here was my boy watching intently from his side of the fence in the barn. Later I noticed the two pushed side by each on their own side of the fence in the barn. Are they commiserating about their hurt eye experience? Are they feeling empathy for each other? I really don't know, but it sure looks like that is the case.

I hope you are enjoying the Newsletter and I hope all of you sent in your vote for the candidates of your choice in the election. I look forward to seeing you at the Annual MaPaca meeting.

Alice Brown
